

Sinclair's forcing local stations to air the anti-Kerry piece without a counter position favorable to Kerry is unacceptable. It is electioneering by the private media using the public airwaves. The piece is an obvious, inaccurate smear. It's dishonest, in my opinion, and therefore the people making it, and those airing it, are dishonest. This action is not in the interest of a democratic process. Again--it's unacceptable. Please take action to stop Sinclair from airing the anti-Kerry piece, or require an equivalent pro-Kerry presentation.
